The Student Council consists of representatives elected from each homeroom. The purpose of this organization is to keep all students informed about school related matters, and to address their problems and concerns. Each homeroom is kept informed by their representative as to the changes, upcoming events, and new policies which the school will enact.

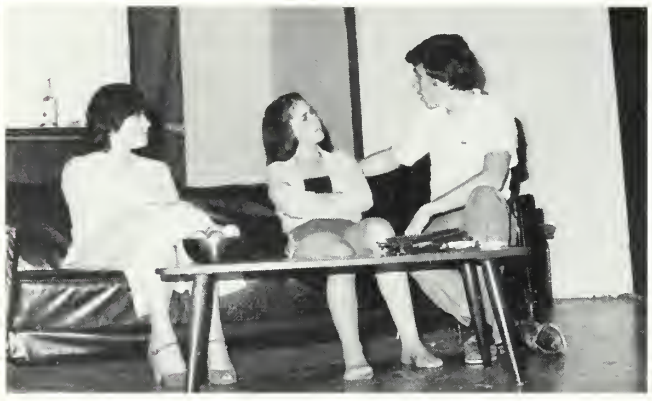
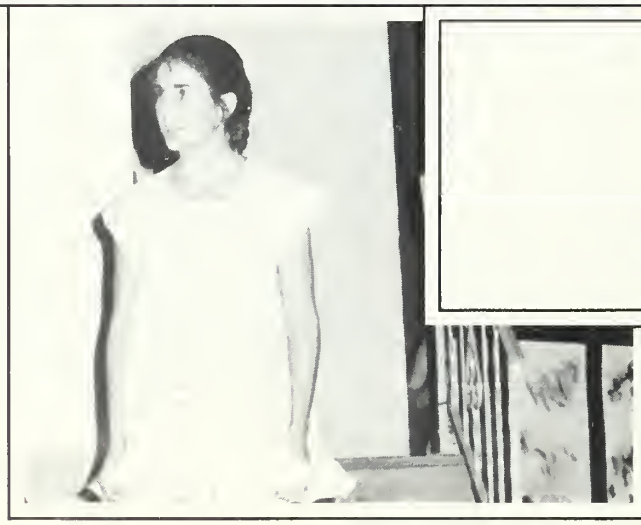
Shifting Roles . . . Sr. Class Play





The Impossible Years concerns Dr. Jack Kingsley, a psychiatrist, who is writing a book detailing the methods of coping with the typical teenager. Dr. Kingsley's book may be a success, but when he tries to apply his theories to his own teenager, Linda, he is a hopeless failure. The resulting conflict between parent and teenager make up the hilarious incidents of the play.
